Noah Klein

Master Plumber & Owner

Royal Plumbing, LLC

16947 W 10 Mile Rd

Southfield, MI 48075

(248) 514-0809

noah@royalplumbing.net

I am a second generation Master Plumber. I received my Journey Plumber's License at age 23 and my Master Plumber License at age 25.

After Royal Plumbing opened in December 2005, and gained a reputation for quality work, my expertise has been sought for finding Code-approved solutions for difficult and uncommon problems. I have developed relationships with inspectors, Code instructors, and several State Plumbing Board officials, furthering my knowledge of commonly misunderstood Code sections. I am regularly contacted to diagnose plumbing system issues, both for repair by Royal Plumbing as well as for bid repair and, more recently, for litigation.

I teach Code classes for apprentice plumbers and have written several essays answering common plumbing questions for both customers and contractors.
